WHY OQUENDO?

CLINICAL • MEDICAL • EDUCATIONAL

experience the difference

Concierge event management service

Our professional staff handles every
aspect of your event

In-house medical equipment

No hassle transportation
Round-trip airport and hotel service

Close proximity to McCarran
International Airport

Multiple times each year my group at Spine Wave descends upon Las Vegas with the comfort of knowing that the hard part of our lab is over. Once we arrive, I know that all things lab related are taken care of and I can focus on the scheduled events that I have aside from the main event at the Oquendo Center. ...Each of my surgeon faculty members as well as our surgeon attendees continue to speak so very highly of our events at the Oquendo Center.

KENNETH G. CONDON
Director of Professional Education, Spine Wave, Inc.

SURGICAL PRECISION

VEGAS HOSPITALITY

Whether you're hosting a large seminar, multi-station bio skills lab, awards dinner, or a combination of all three, Oquendo Center has all of the furnishings, equipment, and staff you need for a successful event.

This versatile venue features more than 70,000 square feet of cutting-edge clinical lab space and sleek multipurpose areas that can be configured to meet your needs. Relax while dedicated professional staff members—including onsite lab managers and technicians, front desk concierge, catering staff, event service personnel and AV technicians—make sure every part of your event goes as planned.

DESIGNED FOR MEDICAL PROFESSIONALS, BY MEDICAL PROFESSIONALS

Oquendo Center is designed for medical doctors and surgeons to share, collaborate, teach and learn. This unique venue features a myriad of spaces for hands-on learning, lectures and demonstrations, including surgery operating room and prep, dental, and radiology suites featuring state-of-the-art technology and knowledgeable onsite lab personnel.

THE PERFECT SPACE FOR EVERY EVENT

Forget coordinating multiple locations and vendors. With distinctly designed areas for both learning and socializing and 4,323 square feet of customizable multipurpose space, Oquendo Center can accommodate any type of event. This flexible venue regularly serves as the backdrop for a variety of gatherings, including labs, lectures, networking events, and dinner functions.
